

Section 2 - Non-Verbal Reasoning (Time Allowed - 20mins)

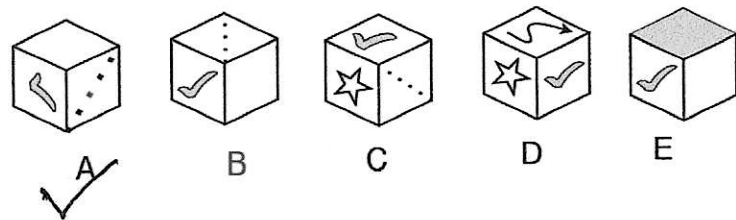

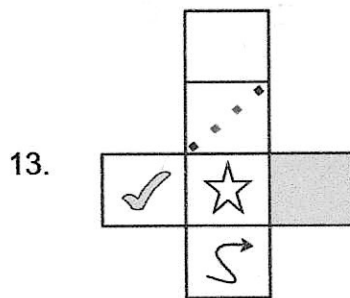

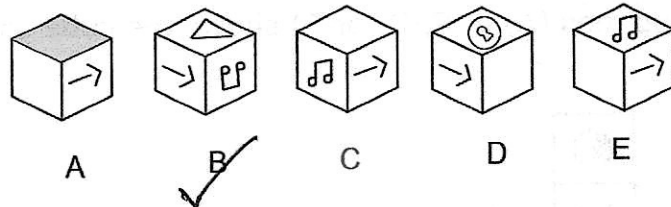

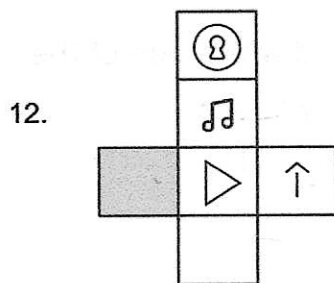

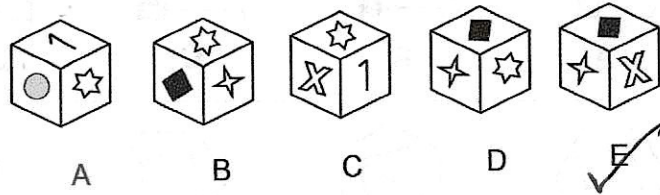

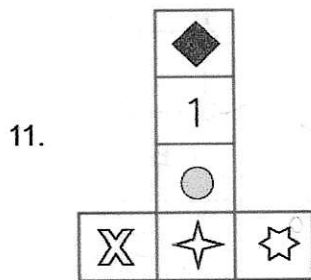

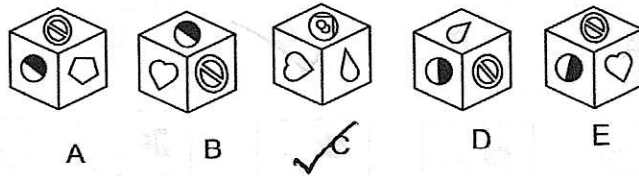

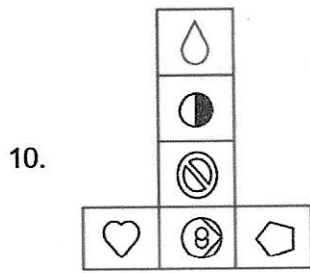

Q1-Q8 The following questions have five figures. Find one of the five figures that is **MOST UNLIKE** the other four.

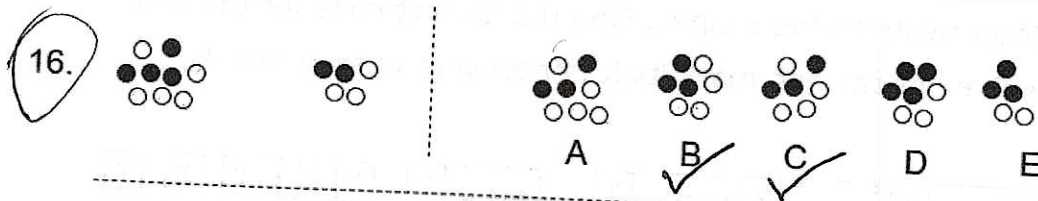

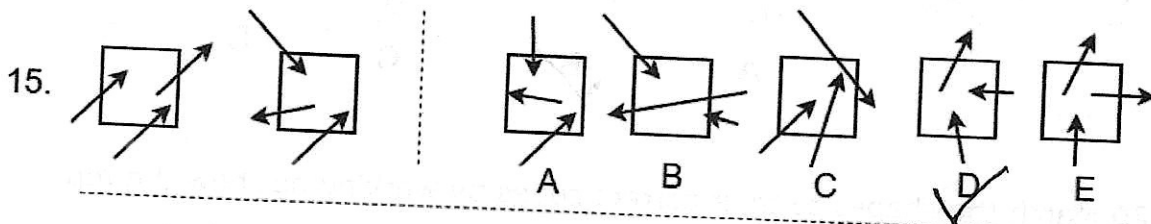

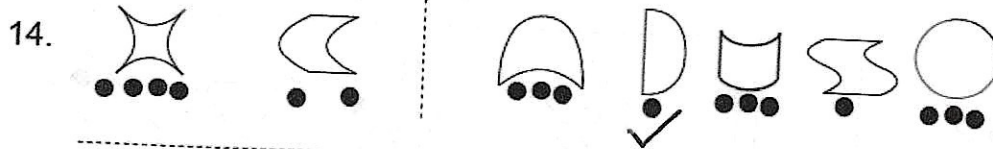

Q9-Q13 The figures on the left show the nets of cubes. Find which one of the options (A, B, C, D, or E) shows the cube correctly folded.

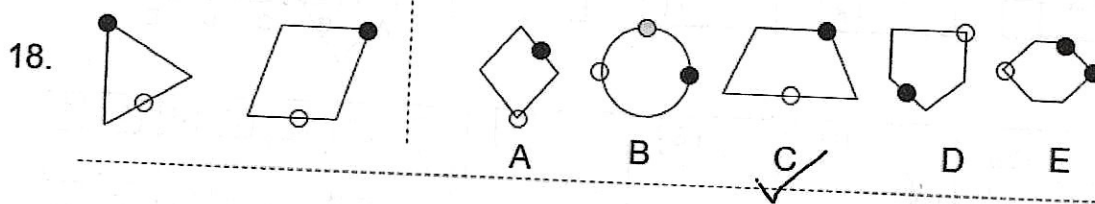

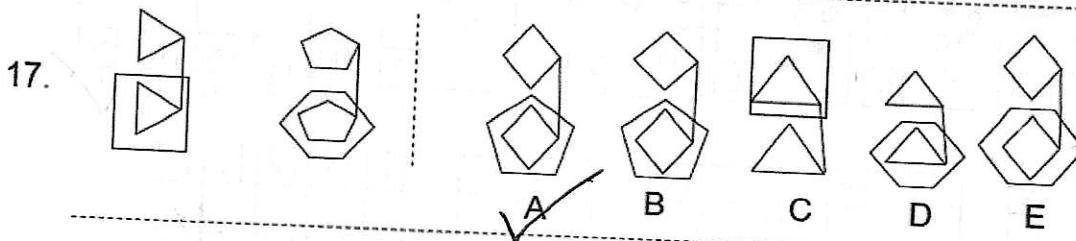

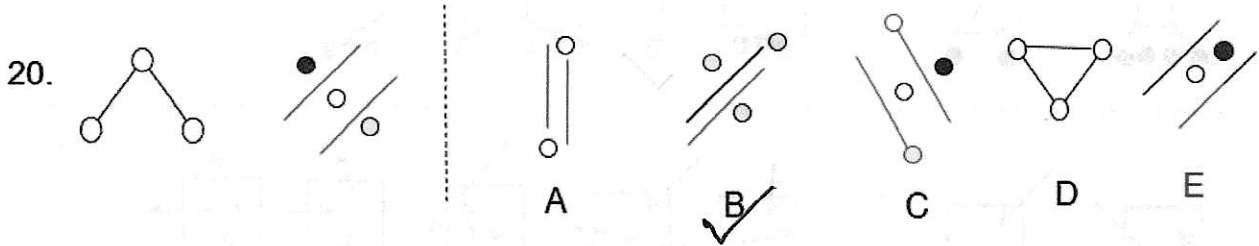

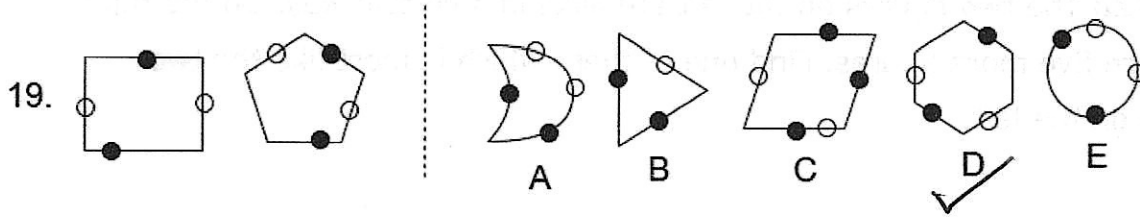

Q14-Q20 The two figures on the left are alike in a certain way. On the right there are five more figures. Find one of them which is most like the two figures on the left.

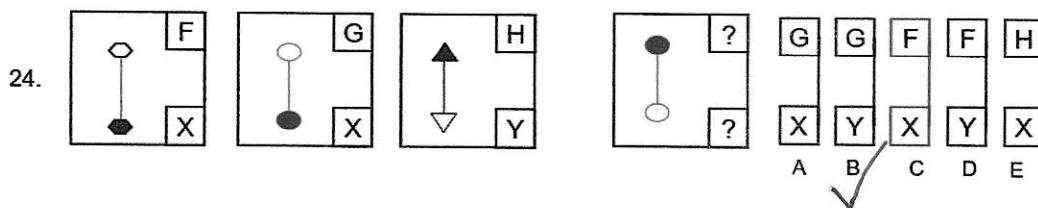

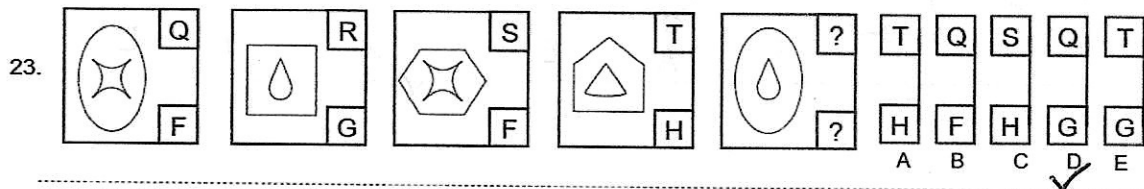

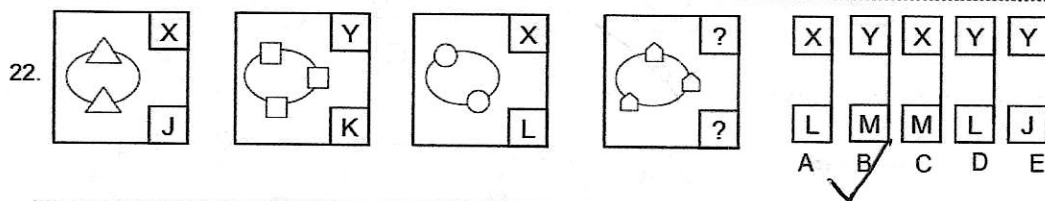

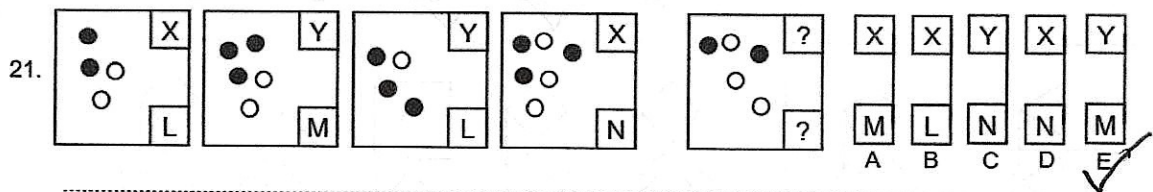

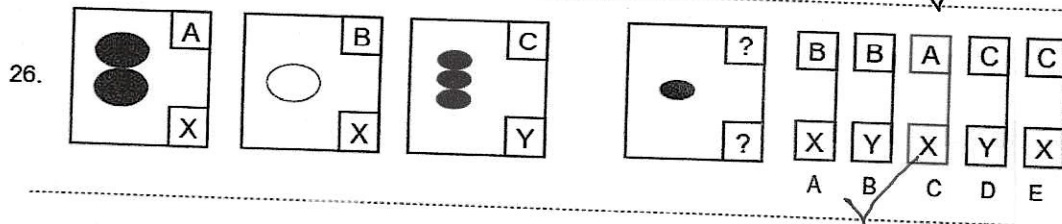

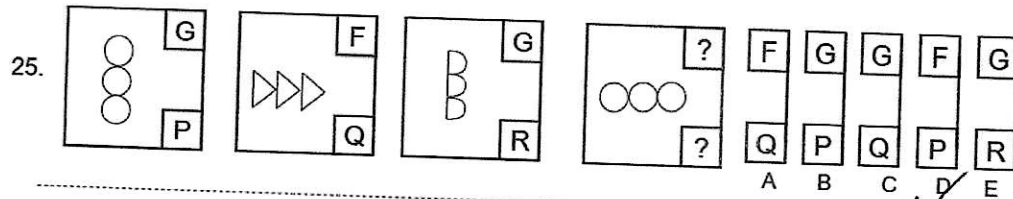

Error:
2 correct
answers.
Both marked
correct.

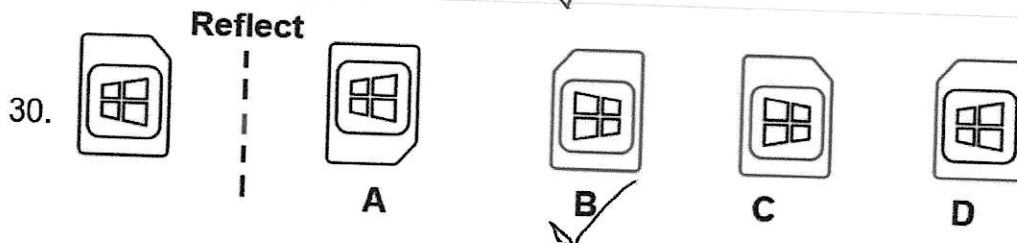

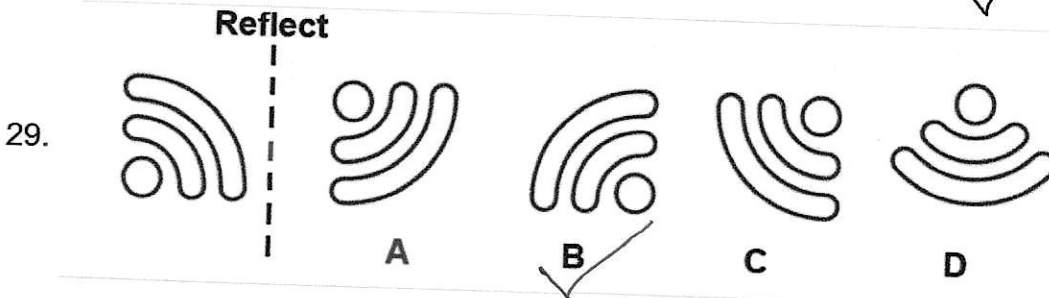

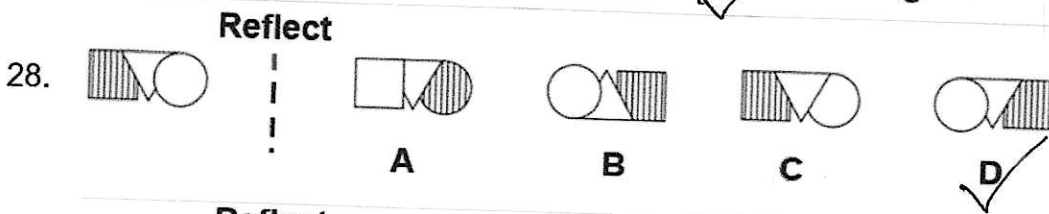

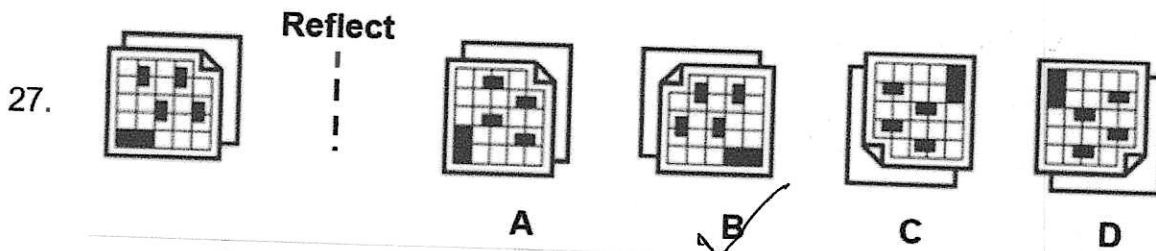

Q21-26 Match the shapes to their correct codes by working out how the top and bottom letters relate to the shapes. Find the correct code for the test shape from the five options and mark its letter on your answer sheet.

Q27-30 Identify the figure that is a reflection of the figure on the left over the line
